Important Information

Please note: Inclusion of a group name on this provider list is not a guarantee that all Facility Based Physicians participate in the UnitedHealthcare network.

Even if a hospital, ambulatory surgery center or other **facility** contracts with UnitedHealthcare and belongs to the UnitedHealthcare **network**, the facility may employ physicians and other health care professionals who do *not* participate in the UnitedHealthcare network.

When you get medical care from non-network **facility-based physicians** — anesthesiologists, emergency room physicians, radiologists and pathologists — the amount you pay (your **out-of-pocket expenses**) may be higher. You may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by the HealthSelect plan.

To assist you in minimizing your out-of-pocket expenses and maximizing your benefits, the list of providers above indicates whether the facilities you are considering have network or non-network facility-based physicians and non-physician providers on their staff in particular specialties (i.e., anesthesiology, pathology, radiology and ER).

Some things you should keep in mind:

- The information provided in this provider list is subject to change and is for informational purposes only.
- Some facilities have more than one group of facility-based physicians and non-physician providers providing these services and, therefore, not all physicians within a particular specialty may participate in the UnitedHealthcare network.
- This provider list is not a guarantee that the physician providing services to you is in-network with UnitedHealthcare. You should always confirm the participation status of the particular physician or non-physician provider before receiving services. To check the status, visit **www.healthselectoftexas.com** or call Customer Care toll-free at **(866) 336-9371 (TTY 711)**.
- This provider list does not indicate whether services provided to you are covered services. Refer to your Master Benefit Plan Document (MBPD) to determine whether the services are covered under the HealthSelect plan. You can view MBPD at **www.healthselectoftexas.com**.

Physicians and other professionals who practice exclusively within a facility, such as a hospital or surgical center, and see you only as a result of your seeking care at the facility, are credentialed by the facility in which they practice. Only those individual physicians listed in our provider directory are separately credentialed by UnitedHealthcare.
